

12 December Will Be Magic Again

Verse 1.

December will be magic again.
Take a husky to the ice
While Bing Crosby sings "White Christmas",
He makes you feel nice.
December will be magic again.
Old Saint Nicholas up the chimney,
Just a-popping up in my memory.

Chorus Ooh dropping down in my parachute
The white city she is so beautiful.
Upon the black soot icicled roofs
Ooh and see how I fall,
Ooh see how I fall.
(Doo Doo Doo Doo Doo
Doo Doo Doo Doo Doo Doo.)
Like the snow.

Interlude

Come to cover the lovers.
But don't you wake them up.
Come to sparkle the dark up
With just a touch of make up.
Come to cover the muck up
Ooh with a little luck.

Verse 2.

December will magic again.
Light the candle lights to conjure Mister Wilde
Into the silent night. Ooh it's quiet inside
Here in Oscar's mind.
December will be magic again.
Don't miss the brightest star, kiss under the mistletoe.
I want to hear you laugh, don't let the mystery go now.

Chorus

Remember when you couldn't sleep from the excitement of the Eve, and it was always white even without snow? That's when it was fun.
